

FREE FALL PROGRAMS

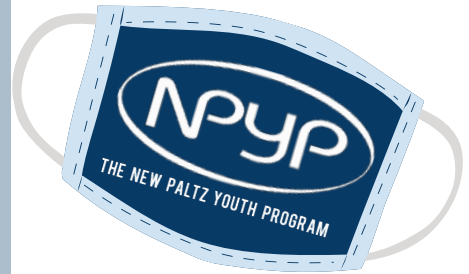

The Town of New Paltz Youth Program has been a staple in the community since 1989. It has expanded over the years from an after school drop-in center, to also include weekend recreation programs, the C.A.F.E. program at the high school, and a tutoring program that serves more students than any other community organization in New York State.

We are staffed by a clinical social worker, certified teachers, and college graduates with extensive experience working with young people. In addition, our corp of dedicated volunteers and tutors include a mix of students seeking various degrees.

Our entire staff and volunteers have had backgrounds checks and gone through an extensive interviewing process. We strive to provide the safest environment for the youth we serve which includes limited capacity at the center, mandatory masks while in the building, social distancing and thorough cleaning throughout the day. These programs are intended for youth in grades 6th- 12th.
